FOREX.com is not available for traders based in Australia. FXCM is not available for traders based in the United States.

Disclosures: FOREX.com spreads will vary based on market conditions, including volatility, available liquidity, and other factors. The "Typical" spreads for pairs noted above represent the median spread available.

FXCM spreads are from FXCM's Best Bid/Best Offer pricing engine. Historical spread figures shown are time-weighted averages derived from tradable prices at FXCM from 1 October 2016 to 30 December 2016. Spreads are variable and subject to delay. NinjaTrader Brokerage & FXCM strives to provide traders with tight, competitive spreads; however, there may be instances when market conditions cause spreads to widen beyond the spreads displayed here.

Commissions are charged in the currency denomination of your account. Figures provided for informational purposes only, and is not intended for trading purposes or advice. NinjaTrader Brokerage, FOREX.com & FXCM are not liable for any informational errors, incompleteness, or delays, or for any actions taken in reliance on information contained herein.
