TARGET MARKET DISCLOSURE

Last update: 30 October 2025

This document sets out the target market identified by Payward Europe Digital Solutions (CY) Limited, hereinafter “PEDSL-CY”, for the products it manufactures and/or distributes, in compliance with the product governance requirements set out by Directive 2014/65/EU (Markets in financial instruments), together with the MiFID2 Delegated Directive dated 7 April 2016 and respective implementing measures (“MIFID2”).

In circumstances where products are made available on an execution-only and/or receipt and transmission of order basis, this disclosure is made to enable investors to support the clients’ awareness of the target market of investors which the product should be compatible with. The disclosure has been prepared solely for informational purposes and is not an offer to buy or sell or a solicitation of an offer to buy or sell the products listed below.

Product: EXCHANGE TRADED FUTURES VIA NINJATRADER CLEARING LLC

- Traditional standardised, exchange traded derivative (futures contracts) that provide leveraged exposure to a range of eligible underlyings such as Indices, Commodities, Currencies and Crypto. The products are listed for trading on regulated exchanges, namely the CME Group (CME, CBOT, NYMEX, COMEX), ICE Futures (Europe and US), and Eurex.

Proposed Target Market

	<p>regulated and authorised offering documentation, together with knowledge and understanding of the specific factors/risks highlighted within them only).</p> <ul style="list-style-type: none">• some financial industry experience. <p>Accordingly, K&E will tested based on:</p> <ul style="list-style-type: none">• Prior experience trading futures (<i>preferred but not required</i>)• Average understanding of the key drivers of futures performance (ie underlying, leverage and funding mechanisms) and how their combination can lead to gains or losses.• Average understanding of the risks of investing in futures.
3. Financial situation with a focus on the ability to bear losses (<i>specify the percentage of losses target clients should be able and willing to afford</i>)	<ul style="list-style-type: none">• The product is compatible with Investors able to sustain the loss of 100% of the invested capital without compromising their financial stability.• Investors should also accept and understand that they may be subject to additional margin calls that may increase the amount of lost capital.
4. Risk tolerance and compatibility of the risk/reward profile of the product with the target market	<ul style="list-style-type: none">• They have a risk appetite that is typical of an aggressive risk profile, and are willing to sustain a high level of risk (such as a risk level equivalent to PRIIPS synthetic risk indicator of 7 out of 7) OR.• They have a risk appetite that is typical of a balanced risk profile, and manage their portfolio to limit the proportion of high risk investments (such as a risk level equivalent to PRIIPS synthetic risk indicator of 7 out of 7).
5. Clients' Objectives and Needs	<ul style="list-style-type: none">• They seek speculative investments, profiting from short-term movements in the underlying price, or investments that can hedge or offset losses from other exposures in their portfolio.• They are looking for a leveraged instrument in order to maximise their opportunities to obtain returns from their investment, while also accepting the risks of leveraged exposure to a volatile asset.
Negative target market	

The following investors may be deemed to have characteristics that make them incompatible with an investment in the Product and are therefore included in the Negative Target Market. Investors that fit the description of the Negative Target Market should not invest in the Product:

- a. any person under 18 years of age;
- b. Persons seeking any level of capital preservation/protection;
- c. Persons unable to bear any loss;
- d. Persons unwilling to tolerate investments with high risk rating (for example, PRIIPs with a risk indicator of 7 out of 7) or with leverage features;
- e. Persons not demonstrating the required level of Knowledge and Experience.
